fetchalias.ini [comments]

The settings of [comments] in fetchalias.ini: Module, FunctionName, Constant, Parameter

Source file: doc/eng-us/examples/ini-settings/fetchalias/comments.md Last changed 2026-11-04
https://doc.exponential.earth/exphelp/viewer/examples/ini-settings/fetchalias/comments.md

The block `[comments]` of `settings/fetchalias.ini`, with 4 setting(s).

> Fetch article comments

Never edit `settings/fetchalias.ini` itself: an update replaces it. Put the settings you change in an override, which wins over the shipped file:

- `settings/override/fetchalias.ini.append.php` for every siteaccess,
- `settings/siteaccess/<siteaccess>/fetchalias.ini.append.php` for one siteaccess,
- `extension/<extension>/settings/fetchalias.ini.append.php` in an extension (read when the extension is active).

Module

Default: `content`.

INI

```ini
<?php /* #?ini charset="utf-8"?
# settings/override/fetchalias.ini.append.php
[comments]
Module=content
*/ ?>
```

FunctionName

Default: `list`.

INI

```ini
<?php /* #?ini charset="utf-8"?
# settings/override/fetchalias.ini.append.php
[comments]
FunctionName=list
*/ ?>
```

Constant

Default: a hash of 3: `sort_by=published;0`, `class_filter_type=include`, `class_filter_array=comment`.

INI

```ini
<?php /* #?ini charset="utf-8"?
# settings/override/fetchalias.ini.append.php
[comments]
# an empty "Constant[]" first replaces the shipped list; without it the items are added
Constant[]
Constant[sort_by]=published;0
Constant[class_filter_type]=include
Constant[class_filter_array]=comment
*/ ?>
```

Parameter

Default: a hash of 1: `parent_node_id=parent_node_id`.

INI

```ini
<?php /* #?ini charset="utf-8"?
# settings/override/fetchalias.ini.append.php
[comments]
# an empty "Parameter[]" first replaces the shipped list; without it the items are added
Parameter[]
Parameter[parent_node_id]=parent_node_id
*/ ?>
```
